THE SASSETA STATE OF HISTORICALLY REGISTERED QUALIFICATIONS AS PER QCTO TRANSITIONAL ARRANGEMENTS

This serves to inform SASSETA Skills Development Providers and Stakeholders that in terms of the QCTO transitional arrangements of historically registered qualifications and as per QCTO circular 1 of 2017 (OQA and OQM) dated 15th December 2017, the historically registered qualifications on the OQSF with the registration end date 30th June 2018, and qualifications that do not have learner uptake currently and even in the previous years; will be recommended by the QCTO for SAQA to de-activate (De-register) these Qualifications.

Secondly, the SASSETA Qualifications with registration end date 30th June 2018, and qualifications that have learners' uptake previously and currently learners are enrolled in those qualifications; such qualifications end date will be extended to 30th June 2019, as per SASSETA motivation and request forwarded to the QCTO.

Skills Development Providers/Stakeholders that are currently accredited for historically registered qualifications with registration end date 30th June 2018, may still enrol learners up to 31st June 2018, respectively as per the last date of learners' enrolment and as per specific qualifications end date.

It should be noted that for historically registered full qualifications will be extended by the QCTO post 30th June 2018, the QCTO will be introducing an inclusion of a compulsory; Final Summative Assessment (FSA) as from November 2018, in order for competent learners to be certified. The QCTO will continue to issue appropriate guidelines to support the process of transitional arrangement for the SASSETA Quality Assurance to implement changes of historically registered qualifications.

Should you require further information do not hesitate to contact the ETQA department on 011 087 5500.
